THE Engents of this proposition was for these

THE inventor of this proparation was for three years a completely prostrated from Dyspepsia and inactivity of the favor that he was frequently for weeks at a time unable to raisa himself from his bed. He sought aid from physicians at home and in Europe, but in vany, his case was promotioned hopeless by thousands, and it was by accident that he succeeded in carring himself. Since he has been practicing medicine, his success in such cases has been unrivalled. He has been aware of the incredulity of the public, and consequently said nothing through the public, and consequently said nothing through the phase of his own case, until the character of the medicine was fully established by its success, as shown by the certificates which have been advertised. I subjoin the certificate of Prof. M. Gassiny, of Mamphis, Tenn., with whom I often advised during the time of my

suffering.

I hereby certify that I have been acquainted with Dr.J.

N. Biedsoe and some years ago be was reduced I od eve lower than I have ever som any one that afterwards recovered, with what I supposed to be Despepsie and Large affection, and after trying the prescriptions of many Physicians in this as well as other countries, without refuel, he finally succeeded with a preparation of his own in being restored to good health.

M. GABBERT, M. D.

Physicians are requested to try this preparation. We feel satisfied it will sustain the character we give to it in this HENYSVILLE, January 12, 1852.

Hunroutle, January 12, 1852.

Dr. Blemeor: —I take the liberty and fell it to be my duty to recommend to all persons suffering from disease of the stomach and bowels, your Alterative Companied, as a very seperior medicine. My son, aged 15 years, and been under medical freatment about five years for dyspepsia and distribute when having almost despaired of his recovery, I concluded to try your Alterative, two bottles of which, I believe, and the aged him to the property of the control of the contro MICAJAH CAYCE.

Dr. Barrson:—Some time has elapsed sins I gave a certificate that my wife had been greatly benefited by your Alterative Compound. I now take pleasure in saying to the public, that my wife had for three or four years been subject to the worst kind of spells of cramp in the stumach from dyspepsia. I had tried of several whom I thought to be the best physicians in the place and a great many differen mediaines, with momentary relief. Being persuaded to frey your alterative compound, I did so—and I am happy to say that it has entirely cured her; and I would conscientiously recommend it to all persons suffering from diseases of the liver and dyspepsia.

N. B. LOBERTSON.

Dr. Blamson — Having seen the publication of your Alter afive Compound, I think if my duty te say to the public, that I had been for years subject to spells of Cramp Colle, in its worst form; that I had tried almost every thing that is given by physicians, and never found any thing that would certainly relieve me, until I tried the above medicine, which has tainly relieve me, until I iried the day an hour, relieved me in every attack in less than an hour, WM. B. LLOYD,

Guas County, Tenn., Dec. 23, 1851.
Dr. Bursson: —I feel that I should fall short of my duty to you and to those who are afflicted, were I not to further recommend your Alterative Compound. It has entirely re-lieved me, so that I have not had cause to take anything in heved me, so that I have not had cause to take anything in two months. I can eat anything I want with impunity, and helieve my health is as good as it ever is at my advanced age. Should I ever suffer from dyspepsia again I shall be sure to call on you. I am very respectfully your friend. ELIZABETH J. HARWOOD.

Heresynne, Ala, August 24, 1861.

This is to certify that I had suffered for many years with Dyspensia and Diseases of the Liver. Physician after Physician had prescribed for me without my receiving any benefit, when I commenced the use of Dr. Bledsoe's Alterative Compound, which cured me soundly, and I recommend it because of the same happy effect upon others of my acquaint sace.

They had tried the best physicians in the State, without benefit; and one of them had been under the treatment of the celebrated Dr. Muzzy, of Cincinnati, for eightieou months, and had expended hundreds of dollars in your efforts to effect a cure. They are now by use of the Magnetic Ointment, nearly or quite cured; and are able to read and attend to any ordinary business. I have used the read and attend to any ordinary business. This Mill differs from all others in the construction of the upper or Running Stone, which is composed of French Burr Blocks, enclosed in a cast from Case, which forms the back and boop of the Stone with a Cast Iron Eye, or Bush, than is of greater external diameter at the bottom that at the top, which is secured to the back by four bolts, so that every block is in the form of a dove fall, which gives greater strength to a Stone than any other method which is required in small mills, where the stone is run with great speed, and becomes dangerous if not strongly made. TO KILL PAIN we must paralyse the nerves, or in other wores produce a passy of the part to which the pass killer is appeard.

Prim is an unmatura beneation, arising from an injury or discuse which, feing transmitted along the nerves to the brain, gives an measy prevalue to the mind.

Remedies recommended to Kill Pain, or Pain Killers, are either preducers of Paralysis, or they are not what they are recommended for. If the sufferer of pain is to undergo a suspension of vitality, or if the unfortunate arm or leg, or if the part of the body suffering the fortures of pain, is to suffer an allock of paralysis, we think the the remedy must be worse than the disease. And, if Pain is to be Killer, then the nerves that transmitted this sensetion, and the senses that perceive its unpleasantness, must be killed also. senses that perceive its unplensantness, must be killed also.
